

# Plastic Money

Twisted Sister

I'm living' on the edge  
I'm pushin' all the way  
Don't worry 'bout a thing  
Some other sunny day  
My feet ain't touchin' ground  
And I'm running' Hard and fast  
I'm pullin' all the strings  
And I'm sayin' it's the last

Take away my Plastic Money  
Keep away from Plastic Money  
Well, don't you play with Plastic Money  
I'm gonna pay all tabs away with Plastic Money

I'm playing' with everythin'  
And I'm lookin' all around  
I just can't understand  
But this is what I've found  
Capitalistically intoxicate your mind  
A computerized assault  
But who commits the crime

Take away my Plastic Money  
Keep away from Plastic Money  
Well, don't you play with Plastic Money  
I'm gonna pay all tabs away with Plastic Money

They blow away your dreams  
With a single decimal point  
If you fight the powers that be  
You'll wind up in the joint  
I just begin to see as the antichrist arrives  
Where we're headed for  
As we charge away our lives

Take away my Plastic Money  
Keep away from Plastic Money  
Well, don't you play with Plastic Money  
I'm gonna pay all tabs away with Plastic Money

Oh honey. Plastic money
