Get started...

Now let me introduce myself as the man
Fuckin' every bitch in the world that says I can
And I won't even play with bitches that don't fuck
All I know, you could be a dude with your nuts tucked
And I don't need all the stress and all the games
And all the callin' me names
And your frontin' like your sayin, bitch
You ain't shit but a hoe and the trickin'
All your good for is hopefully fuckin' and suckin' dick
Wanna blame it on my music?
Well that will never happen
Cuz I was fuckin' hoes like you before the rappin'
Don't get me the slighter on that ass and buttcheeks
And keep my dick the splashin' cum on bed sheets

Fuck till the sun comes up and fall asleep
Leaving pusss battered and brused and numb for weeks
