

# Hope

## Two Witches

In this world our hands are bind  
And your eyes so blind  
To see wish in my looks

On an other shore  
We walk in hand in hand  
And I feel your lips  
The warmth of your touch

Chorus  
In this world  
Our hands are bind  
And your eyes so blind  
To see wish in my looks  
Hope-hope-hope...

Pain in my eyes  
When I look at you  
Pain in my heart  
When I think of you

I want to take you on my arms  
Wanna feel your lips  
The warmth of your touch

Chorus  
In this world  
Our hands are bind  
And your eyes so blind  
To see wish in my looks  
Hope-hope-hope...

On an other shore  
We walk in hand in hand  
And I feel your lips  
The warmth of your touch

In my dreams there ain't no limits  
No chains, no ropes  
To prevent our love

Chorus  
In this world  
Our hands are bind  
And your eyes so blind  
To see wish in my looks
