

Everywhere

Ty Dolla \$ign

Bongo, turn it up
Yeah, yeah
Yeah, yeah
Yeah, yeah

Told her meet me in the bedroom
California King size, I need some leg room
She'll forgive me, she like, "Boy, I need a restroom", ayy
Hit it from the back, I had to bless you
Cut it up in the kitchen
I know right before you cum, intuition
Hands around her neck, she like submission
She only gave me one condition

We gotta fuck everywhere, everywhere
Gotta fuck everywhere, uh-huh-huh, baby

Hit it on the dryer, mm
Girl, that pussy fire, ooh
I got her legs to the sky, uh
Got her hittin' high notes like Mariah, ohh
Ooh, ooh-ooh, my butterfly, uhh
Ooh, ooh-ooh, she wanna fuck me everywhere

Told her meet me in the bedroom
California King size, I need some leg room
She'll forgive me, she like, "Boy, I need a restroom", ayy
Hit it from the back, I had to bless you
Cut it up in the kitchen
I know right before you cum, intuition
Hands around her neck, she like submission
She only gave me one condition

We gotta fuck everywhere, everywhere
Gotta fuck everywhere, uh-huh-huh, baby

President suite, Ritz Carlton
Balls-deep all on the ottoman
Last-minute flew you all the way to Oregon
Turns out it wasn't all that borin'
Sounded like (Ooh, ooh-ooh)
Like Ariana, yeah
Ooh, ooh-ooh, she wanna fuck me everywhere

Told her meet me in the bedroom
California King size, I need some leg room
She'll forgive me, she like, "Boy, I need a restroom", ayy
Hit it from the back, I had to bless you
Cut it up in the kitchen
I know right before you cum, intuition
Hands around her neck, she like submission
She only gave me one condition

We gotta fuck everywhere, everywhere
Gotta fuck everywhere, uh-huh-huh, baby
