

In Your Phone

Ty Dolla \$ign

You always in your phone (phone)
I feel like you do me wrong (wrong)
You always in your phone (phone)
I feel like you do me wrong
You always in your phone
I feel like you do me wrong (do you wrong)
You always in your phone (oh)
I feel like you do me wrong (do you wrong)

Tell me what you're waiting for
You wanna jump in the 'Rari
Show me your passport
I can be out in your past calls
You be all on my nerves
But your love is the best
But you already do more
But I want you to say less
Chic-chic boom, too many problems
You been doomed, too many wild thoughts
Yeah, sometimes you a challenge
I wanna even the score
I want madness

You always in your phone
I feel like you do me wrong
You always in your phone
I feel like you do me wrong
You always in your phone
I feel like you do me wrong
You always in your phone
I feel like you do me wrong (do me wrong)

Tick tick on you
Too many others
When I'm in the room, I feel the eyes on me
Got some nerve saying I'm the challenge
But I know I know that you know
I've been damaged
To be honest
Your love is the best
But I get so in my head when you keep shit to yourself
Why you always in your phone?
Can't you talk to me?
'Cause I know that you need it more than my squeeze, I can't ignore

You always in your phone
I feel like you do me wrong
You always in your phone
I feel like you do me wrong
You always in your phone
I feel like you do me wrong
You always in your phone
I feel like you do me wrong
