

# Time Will Tell

Ty Dolla \$ign

This the end, oh yeah, tell me, is this our farewell? (Ooh, yeah)  
Can we get it back? They tell me, "Only time will tell"  
We can't let it go, this shit don't feel natural  
Can we get it back? Baby, only time will tell

That's a fact, knowing you ain't right  
Crossin' all these lines, makin' "X"'s when you mine  
Fuck all that (Fuck all that), girl, that ain't no good  
Blowin' my shit like 'Woods, look, let's get this understood  
Bae, you're mine, 'member all them times?  
Hit it, then rewind, then jump back punchin' your spine  
Every night, spread your lips in two (Two)  
Toot that ass up with a view, now you're actin' brand new

My lil' baby, lil' baby left me lonely  
Said she moving, said she moving on from me  
She can never, she can never get over me  
But if this what you want from me (Ooh, yeah)

This the end, oh yeah, tell me, is this our farewell? (Ooh, yeah)  
Can we get it back, they tell me, "Only time will tell"  
We can't let it go, this shit don't feel natural, ayy  
Can we get it back? Baby, only time will tell

Oh, only time will tell  
Oh, only time will tell  
Said you done with that, don't know how we got off track  
Can we get it back? Baby, only time will tell

Sudden change, why the sudden change, hmm?  
Switch on me like lanes, now you tryna turn the page, ooh  
How am I to blame? I did all these things  
Had you wetter than the rain, make you scream my name  
Bust it like a Draco, damn, that pussy fuego  
We go back like retro, build it like a Lego  
Girl, no, I can't let go, stuck on you like Velcro  
This shit ain't the same, yeah

My lil' baby, lil' baby left me lonely (Lonely)  
Said she moving, said she moving on from me (From me)  
She can never, she can never get over me  
But if this what you want from me (No)

This the end, oh yeah, tell me, is this our farewell?  
Can we get it back? They tell me, "Only time will tell" (Yeah)  
We can't let it go (Yeah), this shit don't feel natural, ayy  
Can we get it back? Baby, only time will tell (Yeah-yeah)

Oh, only time will tell  
Oh, only time will tell (Ooh)  
Said you done with that, don't know how we got off track (Ooh)  
Can we get it back? Baby, only time will tell (Yeah)
