

(D.A. got that dope)

The universe must want me to win
I'm happier than I've ever been, ever been, yeah
Feeling this good should be a sin, yeah
The universe must want me to win, yeah
The universe just gave me a lick
Sent down an angel so fine and so thick, yeah
Feeling this good should be a sin, yeah
The universe must want me to win, yeah

Sent me an angel
I woke up smilin' this morning, feeling so grateful
I'm drippin' in forty pointers, Mama, I made it (Yeah, yeah)
I had a dream about this feeling and I claimed it
Yeah, I embraced it
I'm so blessed, and I probably don't deserve all this
And I know that, yeah, I know that I'm a mess
But you see more than the surface (Yeah, yeah)
Girl, you more than beautiful, you perfect, oh, oh

Heaven only knows, oh-woah-woah
Know you're more than what I want, you're what I need
Gotta give it up, oh-woah-woah-woah
You're more than what I dream, yeah

The universe must want me to win
I'm happier than I've ever been, ever been, yeah
Feeling this good should be a sin, yeah
The universe must want me to win, yeah
The universe just gave me a lick
Sent down an angel so fine and so thick, yeah
Feeling this good should be a sin, yeah
The universe must want me to win, yeah

Did it hurt when you came down to fall like that?
Stuck the landing of course 'cause you're raw like that
Should've known it was God with no flaws like that
All and all in that, I'd risk it all for that
I don't know what I did in this life or the last
To deserve such a prized perfection (Perfection)
Baby, I will fight so it lasts to the next and beyond
Give me that blessing

Heaven only knows, oh, oh, oh
Knows it's being what I want, it's what I need
Gotta give it up, oh, oh, oh
You're more than what I dream, yeah

The universe must want me to win (Oh)
I'm happier than I've ever been, ever been, yeah (Mmm)
Feeling this good should be a sin, yeah (Mmm)
The universe must want me to win, yeah (Yeah, yeah)
The universe just gave me a lick
Sent down an angel so fine and so thick, yeah
Feeling this good should be a sin, yeah
The universe must want me to win, yeah

You in love now
Feeling like I just made a touchdown
Ten seconds on the clock, they can't stop us now
We on top of the world, me and my baby, oh-oh

But it ain't no rush now (Uh)
Yeah, we movin' fast, it's past a crush now
Couple seconds on the clock and they can't stop us now
Just me and my, just me and my baby

The universe must want me to win (Oh)
I'm happier than I've ever been, ever been, yeah (Ever been, yeah)
Feeling this good should be a sin, yeah
The universe must want me to win, yeah
The universe just gave me a lick
Sent down an angel so fine and so thick, yeah
Feeling this good should be a sin, yeah
The universe must want me to win, yeah

(Oh-oh)
(Oh-oh)
(Oh-oh)
