

# That Kind of Night

Ty Herndon

Heyy, it's a take it easy slow ride  
Everything is alright

It's a roll down your window  
Night moves on the radio  
Kinda night, kinda night

It's a you and I, here and now  
Reckless in our hometown  
Kinda night, kinda night

Ohh ohh, it's all ours baby  
Ohh ohh, it's our time

Heyy, it's a take it easy slow ride  
Everything is alright  
High on us kinda night

Heyy, it's a chase away the sunrise  
Pull up to the moonlight  
Kiss you bout a thousand times  
Kinda night

It's a drive through the desert  
Stars go on forever  
Kinda night, kinda night

It's a beautiful getaway  
Sayin everything we wanna say  
Kinda night, kinda night

Ohh ohh, it's all ours baby  
Ohh ohh, it's our time

Heyy, it's a take it easy slow ride  
Everything is alright  
High on us kinda night

Heyy, it's a chase away the sunrise  
Pull up to the moonlight  
Kiss you bout a thousand times  
Kinda night

It's all ours baby  
It's our time  
It's all ours baby  
You and I

Heyy, it's a take it easy slow ride  
Everything is alright  
High on us kinda night

Heyy, it's a chase away the sunrise  
Pull up to the moonlight  
Kiss you bout a thousand times

Heyy, it's a take it easy slow ride

Everything is alright  
High on us kinda night

Heyy, it's a chase away the sunrise  
Pull up to the moonlight  
Kiss you bout a thousand times  
Kinda night  
(It's a roll down your window  
Night moves on the radio)  
Kinda night, it's that kinda night
