

Bullet Proof Nothing

Ty Segall

I like the way that you treat me like dirt
Every night you better treat me like dirt
The way you use me, use me, baby confuse me
Never had a single thought in my head
Just your face, your pretty face, laughing at me
Come on, come on now treat me, yeah treat me like dirt

Treat me like dirt, drive me insane
I said treat me like dirt now, tear out my brain
Treat me like dirt, I'm losing my mind
Treat me like dirt now, you're so unkind
I said dirt

I'm your puppet, you're my string
How many ways can you make me sing?
Come on, come on now treat me, yeah treat me like dirt
I'm a bullet proof nothing to you
Point blank target to your ways of abuse
Come on, come on now treat me, yeah treat me like dirt

Treat me like dirt, drive me insane
I said treat me like dirt now, tear out my brain
Treat me like dirt, I'm losing my mind
Treat me like dirt now, you're so unkind
Like dirt
