

Mandy Cream

Ty Segall

I heard you talk about your friends
Heard you say you don't like them
Heard you talking about-a candy sam
Heard you're sick of his big hands
Heard you screaming, screaming
Candy sam

Heard you squeal on milky joe
How he just wants his way to go
Heard you screaming, squealing milky joe
Heard you screaming, squealing milky joe

I think you're talking about yourself
I think you're talking about yourself
I think you're talking about yourself
I think you're talking about yourself

Heard you squeaking about billie jean
[?] inside those [?]
Heard you looking at-a mandy cream
She's a monster
She's so mean
Heard you looking, screaming
Milk and cream
Saw you screaming, screaming
Milk and cream

I think you're talking about yourself
I think you're talking about yourself
I think you're talking about yourself
I think you're talking about yourself
