

I Wish Dogs Could Live Forever

Tyler Farr

Wherever she and I went he'd wanna ride
He loved the wind in his face
Hangin' out the passenger side
Right next to her 'cause he loved her too
Thank god I had him to get me through
Yeah he pulled me through

I wish love wasn't so hard
I wish people could stay together
I wish girls couldn't break hearts
And dogs could live forever

He was there that night I drank myself to sleep
He laid there on the floor by the couch right next to me
Til the sun came up
It was like he knew
He stuck by me
Like a friend would do, like best friends do

I wish love wasn't so hard
I wish people could stay together
I wish girls couldn't break hearts
And dogs could live forever

I'd like to think I'll see him again one day
But if it was up to me,
If I had my way
I wish dogs could live forever
I wish dogs could live forever

I wish love wasn't so hard
I wish people could stay together
I wish girls couldn't break hearts
And dogs could live forever
