

## TB Saga

Tyler Joseph

Fast food  
Greasy  
Taco  
I love

Nacho bell grande  
Cheesy gordita  
I like your nachos like diarrhea  
Man, I really like taco bell

I know I can't watch you make my food  
Drop it on the floor  
I think it's rude  
Man, I really like taco bell

Here's to the Mexican  
Who makes me my food (me gusta)  
How is that that I just ate  
Now I have to poop

Fast food  
Greasy  
Taco  
I love  
Food like this could only come from above

Fast food  
Greasy  
Taco  
I love  
Food like this could only come from above

[Jay Joseph:]  
Robbed a taco store and asked them for a refill

Hey this is JRizzle  
Listen up all y'all  
I'm winning tacos just because of this gumball  
I put chalupas where my mouth is  
So watch this  
Because I'm the dopest rapper  
That you've ever messed with

Sir, welcome to Taco Bell  
May I take your order  
Yeah can I have a big mac and a Pepsi  
Sir, we don't sell big macs  
And some chicken nuggets  
We don't have chicken nuggets either  
Sauce!

T-A-C-O B-E double L  
The cashier's name is Omar Vizquel  
People always persecute me  
But I know they'll die for eating Chipotle

How is it that you could hate the good old Taco Bell?

And how is it that you could like Chipotle?

We walked into the Taco Bell  
'Cause I was craving some crunchy shell  
The man behind the counter said oopah (oopah)  
I was flying as high as a kite  
And I looked up to my delight  
They were having a special on chalupas  
My chalupa  
My chalupa  
My chalupa  
My chalupa

And as you know there was a man  
Who preached the truth on rock and sand  
And Jesus won't hold your sins to you  
And we all know that he broke the bread  
But I know that St. Peter said  
That his favorite food was chalupas  
My chalupa  
My chalupa  
My chalupa  
My chalupa

I love this song  
Beef  
It's a good song  
And cheese  
Beef and cheese  
Beef and cheese yeah  
Beef and cheese in a taco shell yeah  
Beef and cheese in a taco shell

Take that it'll make you fat  
We got the stuff that'll make your booty go  
Take that it'll make you fat  
We got the stuff that'll make your booty go  
Take that it'll make you fat  
We got the stuff that'll make your booty go  
Take that it'll make you fat  
We got the stuff that'll make your booty go

Beef and cheese  
Beef and cheese  
And lettuce  
Beef and cheese  
Beef and cheese  
And lettuce  
Beef and cheese  
Beef and cheese  
Okay  
And lettuce  
Beef and cheese  
(oh, oh, oh, oh)  
Beef and beef and cheese

Now is the time that we end this song  
Without tacos life would be wrong  
Man, I really love Taco Bell

Michael was right  
Tacos are great  
If you're real hungry

They're open real late  
Man, I really love Taco Bell

Here's to the Mexican  
Who makes me my food (me gusta)  
How is that that I just ate  
Now I have to poop

Fast food  
Greasy  
Taco  
I love  
Food like this could only come from above

Fast food  
Greasy  
Taco  
I love  
Food like this could only come from above

I'm full  
So, dude, there's these two black guys in a bar  
Hey, shh, we're still recording  
[\*unintelligible burps and noises and laughing\*]
