

Can't Lie, Get High

Tyler Ward

I drink my water from
the fountain of youth
And play simple game
called guessing the truth
I'll say anythnig just
to get you to smile
And make everythnig
seem like it's worthwhile

Get up now
Like your on a ferris wheel
Fly through the sky
Like the man of steel
Did up and down
like a roller coaster
and if you slip, you'll
feel me get closer

Cause I can't
hide from you
We will take this town
When the sun goes down
And I get high
With you
You will not come down,
do not touch the ground

Round two is the part
when you can not feel
So I brak in with
intention to steel
I'll take every penny
and I'll tell you it's fine
Cuse really what you need
is another good time

Get up now
Like your on a ferris wheel
Fly through the sky
Like the man of steel
Did up and down
like a roller coaster
and if you slip, you'll
feel me get closer

Cause I can't
hide from you
We will take this town
When the sun goes down
And I get high
With you
You will not come down,
do not touch the ground

What you see is a mission
my control will condition
every dream that you're wishing

I'm your fantasy(2x)

Cause I can't
hide from you
We will take this town
When the sun goes down
And I get high
With you
You will not come down,
do not touch the ground
