

Mood

Tyler Ward

Why you always in a mood? Messing round, acting brand new
I ain't tryna tell you what to do
But try to play it cool, baby, I ain't playing by your rules
Everything look better with a view
Why you always in a mood? Messing round, acting brand new
I ain't tryna tell you what to do
Try to play it cool, baby, I ain't playing by your rules
Everything look better, better with a view

(Better, better
Better, better with a view
Better, better
Better, better)

I could never get attached, when I start to feel, I unattach
Somehow I always end up feeling bad
Baby, I am not your high, it's not all you want from me
I just need your company, yeah
Girl, it's obvious, elephant in the room
And we're part of it, don't act so confused
And you love starting it, now I'm in a mood
And now we're arguing in my bedroom

We play games of love to avoid the depression
We've been here before and I won't be your victim

Why you always in a mood? Messing round, acting brand new
I ain't tryna tell you what to do
But try to play it cool, baby, I ain't playing by your rules
Everything look better with a view
Why you always in a mood? Messing round, acting brand new
I ain't tryna tell you what to do
Try to play it cool, baby, I ain't playing by your rules
Everything look better, better with a view

(Better, better
Better, better with a view
Better, better
Better, better with a view)

We play games of love to avoid the depression
We've been here before and I won't be your victim

Why you always in a mood?
I ain't tryna tell you what to do
But try to play it cool
Everything look better with a view
Why you always in a mood? Messing round, acting brand new
I ain't tryna tell you what to do
I try to play it cool, baby, I ain't playing by your rules
Everything look better, better with a view
