

Wastin' Time

Tyler Ward

It's like I'm watching movies for the seventh time
Waiting for a chance to stand in line
Breaking dollars into nickels and dimes
It just don't make much sense
Atleast it rhymes

Waistin' time
minutes turn to hours
and I lose my mind
Spinning in a circle
never helped unwind
Untangle me so I can begin again

On a mission with a low IQ
To fight a ninja and I don't know kung-fu
Keep on brawling 'till I'm black and blue
It just don't make much sense
I'm not alright

Waistin' time
minutes turn to hours
and I lose my mind
Spinning in a circle
never helped unwind
Untangle me so I can begin again

Here's a song about our wasted seasons
We're knotted in a million differnt reasons
To never live the life we wish we could
and we ignore that we should

Waistin' time
minutes turn to hours
and I lose my mind
Spinning in a circle
never helped unwind
Untangle me so I can begin again
