

# What It's Like To Be Lonely

Tyler Ward

Headed back home  
Boarding the plane  
Like an old ghost thought I heard your name  
And my heart stopped, skipped a beat for one second  
Turned around, but who was I kidding?  
Just a sweet girl  
Was she here to save me?  
Will I finally get to move on, maybe?  
Quick drinks, so that I can move closer  
Ask her name, hoping for closure

So this is what it's like to be lonely?  
Spending every minute thinking 'bout you  
But looking for somebody else to hold me  
Only hoping they will know me like you do  
Get out of my mind for a moment  
You took my heart and marked it like a tattoo  
They say that time will heal like a potion  
But time has only got me missing more of you, of you  
(Lonely, lonely)  
(Lonely, lonely)

It's been a few months  
And not much has changed  
Still check my phone to see if your name's on it  
Drive past the places we used to go  
Our song keeps spinning on the radio  
And I know I sound a little cliché, but I  
I never thought the things could change  
So please, don't forget me when the summer fades  
All the while, I'll be trying to replace your face

So this is what it's like to be lonely?  
Spending every minute thinking 'bout you  
But looking for somebody else to hold me  
Only hoping they will know me like you do  
Get out of my mind for a moment  
You took my heart and marked it like a tattoo  
They say that time will heal like a potion  
But time has only got me missing more of you, of you  
(Lonely, lonely)  
(This is what it's like to be, this is what it's like to be)  
(Lonely, lonely)  
(This is what it's like to be lonely)

All I want is for you to know  
That I'm sorry for all the things I didn't didn't do  
All I want is for you to know  
That I'm sorry for all the things I didn't didn't do  
If I call you up in the middle of the night  
If I send you a text asking, "How is your life?"  
It's just me checking in insecure  
Wondering if I exist anymore  
If I say something and I started a fight  
Between you and yours, yeah I'll act so surprised  
Surprised, surprised  
I'll need a little time

So this is what it's like to be lonely?  
Spending every minute thinking 'bout you  
But looking for somebody else to hold me  
Only hoping they will know me like you do  
Get out of my mind for a moment  
You took my heart and marked it like a tattoo  
They say that time will heal like a potion  
But time has only got me missing more of you, of you  
(Lonely, lonely, lonely)  
(Lonely, lonely, this is what it's like to be lonely)  
(Lonely, this is what it's like to be lonely)
