

# Lullabye

Tynisha Keli

This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-Lulla-bye  
You're my baby  
And I sing this just to show your mine  
I'mma hold you til you  
Sleepin in the middle of the night  
This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-la-bye

Closer than you think you are  
Always there inside my heart  
Miss you when you are far away  
Like the stars in outerspace

And no one could become between us  
If you're the sun then baby i'm your venus  
Wanna be the one you always dreamed of

This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-Lulla-bye  
You're my baby  
And I sing this just to show your mine  
I'mma hold you til you  
Sleepin in the middle of the night  
This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-la-bye

When you're here inside my arms  
I feel safe from any harm  
You're like my comfort zone  
When you're here i'm so at home

And no one would become between us  
And you're the one I always wanna be with  
Wanna be the love you always dreamed of

This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-Lulla-bye  
You're my baby  
And I sing this just to show your mine  
I'mma hold you til you  
Sleepin in the middle of the night  
This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-la-bye

This is a song to show you a kiss  
To let you know i'll always be there  
This melody I give it to you  
Every word is true baby  
This is your lulllabye

This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-Lulla-bye  
You're my baby  
And I sing this just to show your mine  
I'mma hold you til you  
Sleepin in the middle of the night

This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-la-bye
