

## Misunderstood

Tynisha Keli

A lot of people call it his story Its only right to call it my story Cause i been through a lot thought it would never stop with everything that i got i held on with Like being taken from my comfort zone to a total strangers place that they call home So i put up my guard had to ignore my heart thats when i grew up a lot and now the cost is...

I may have a problem with expressin' my opinions and a million other things i just fail to mention Whenever i cry ain't nobody was there to dry my eyes Like it was my fault that nobody told me to hold on tight

I'm just misunderstood tryna make you love me anyway i could Ma ybe one day you will see that there's so much more to me I'm just misunderstood do the opposite of what you think i should So there's nothing else to do but to live misunderstood...

I often think about what it'd be like if i could push rewind to save his life Would everything be the same or would it turn out this way I still harbor the pain from you missinCause when you left she put the blame on me Mentally emotionally physically Thought it was what i deserved thought i was pleasing her i learned to live with the hurt and now the cost is....

I may have a problem with expressing my opinions and a million other things i just fail to mention Whenever i cry ain't nobody was there to dry my eyes Like it was my fault that nobody told me to hold on tight

If I could translate everything i feelThis is exactly what my heart will revealI'm looking for understandmentSomebody set me free from this prison I'm inOhhhhhhhh

I'm just misunderstood tryna make you love me anyway i could Ma ybe one day you will see that there's so much more to see I'm just misunderstood do the opposite of what y'all think i should So there's nothing else to do but to live misunderstood.....
