

# I Still Do

Tyrese

To all my ladies and gentlemen, ladies and gentlemen, ladies and gentlemen,  
To all my ladies and gentlemen, it's okay to have an argument, just don't call it quits,  
And I said that I would always love you, and I said that I would never leave you,  
I said it babe, cause I meant it babe,  
And I said I would always be honest, and I said that I would never break a promise,  
I said it babe, cause I meant it babe,

And I still do,  
I still do,  
you got every right to hate me,  
I know you're angry,  
but you make mistakes too,  
but I still do (to all my ladies and gentlemen)  
I still do (ladies and gentlemen)  
(ladies and gentlemen)  
I still do (to all my ladies and gentlemen)  
I still do (it's okay to have an argument, just don't call it quits)

These days nowadays, when somebody gotta problem they be quick to leave,  
But they say, back in the day, they wouldn't make a promise that they couldn't keep,  
I still wanna be with you forever, still wanna start a family together,  
I still wanna give you my last name and have some babies with you first you gotta let me make it better,

And I still do,  
I still do (yes I still do baby)  
you got every right to hate me,  
I know you're angry,  
but you make mistakes too,  
but I still do

Girl I don't know why you lie and let me live a life you I wasn't meant to survive,  
I know you hate to fight, just as much as I hate to fight, then let's give it a try, one more time, I still do

And I still do,  
I still do,  
you got every right to hate me,  
I know you're angry,  
but you make mistakes too,  
but I still do (to all my ladies and gentlemen)  
I still do (ladies and gentlemen)  
(ladies and gentlemen)  
I still do (to all my ladies and gentlemen)  
I still do (it's okay to have an argument, just don't call it quits)

Baby I still love you, regardless of all that we've been through,  
But through thick & thin, till death do us part, those were the words we said from our heart,

And I still do,  
I still do,

you got every right to hate me,  
I know you're angry,  
but you make mistakes too,  
but I still do.
