

## Roses

Tyrese

It's been a miracle from what you've done  
Please stay right by my side  
Two can be one  
The righteous way to go  
Been a while but no  
I'll believe if I'm told so  
You're second to none

The question is what do I know about love  
They ask me all the time do I know about love  
Naturally I say yes but I don't know shit  
Cuz if I did I wouldn't be in and out of relationships  
Why? Do I get caught up in eye candy  
A few days I pound she ain't nowhere to be found  
Everyday I pull so many dimes  
I need to change my middle name to one line  
Cuz I got so many one liners  
I try to tell her I was ready to go all the way  
But she couldn't be patient with me  
And now look at the end result  
She ain't here to get these roses I brought  
But I'ma keep my self-esteem up  
And keep looking for some real love  
You know its true what they say  
Love's as precious as a rose  
Will I ever find a rose I don't know

It's been a miracle from what you've done  
Please stay right by my side  
Two can be one  
The righteous way to go  
Been a while but no  
I'll believe if I'm told so  
You're second to none

I seen it coming way before we got here  
You want me to put you over my whole career  
My career was here first and its here to stay  
Don't trip girl you're still a prior life and  
Movie sets, rhyming, singing, and world tours  
If I ain't got a rose in my life then what's it all for  
You think I wanna be in private jets  
Layed up in five star hotels by myself  
Nope I want a rose to share with  
The blessing of a backbone but I can't stay alone  
I come home to a home cooked meal  
A manicure pedicure without seeing a bill  
Am I describing you I don't know  
I don't wanna spend the rest of my life living single  
Patience is a virtue that's the way that it goes  
The question is will I find my rose...is that you

It's been a miracle from what you've done  
Please stay right by my side  
Two can be one  
The righteous way to go  
Been a while but no

I'll believe if I'm told so  
You're second to none

My moms taught me not to wear emotions on my sleeves  
So when I leave please believe I'ma leave man  
I'm not a charity case  
But you might have to donate some love tips and show me the way  
Cuz if I really knew it all  
You think yall would have to talk to me about how to love and all  
Naw I'd be on top of the world  
At 27 with a wife, pregnant, and white picket fences and shit  
It's cool I'ma get there soon  
Running around in the yard having fun with my little ones  
Thinking to myself I had my share  
There's gonna be women everywhere  
Not like the one I got here  
Independent, fine as hell and got her own career  
And if I ever needed her  
She'll be right there  
Is that you...damn

I don't know what else to say man  
I feel like I got something  
But at the same time I don't  
It's lonely out here  
You can have all the money in the world  
That shit don't matter  
You know what I'm saying  
When you broke you want money  
And when you get money  
You just want a girl to lay up with  
And chill and relax and shit  
You know
