

Neon Dreams

Tyrone Wells

You always wonder if you move to a new town
If you could maybe start again?
You always wanted to tear the city walls around you down
But you don't know where to begin

I've had enough of staring out these windows
I want to go somewhere that's new
So would you leave it all behind if you know
I would go anywhere with you
Cause you know we've got those neon dreams
We'll run 'em down like midnight thieves
We'll light up like you've never seen
Cause you know we've got those neon dreams

There is a moment you've gotta stop and take a deep breath
yeah you can feel it in your bones
This is the moment you gotta shine till there is nothin' left
and all the world will finally know

I've had enough of staring out these windows
I'm getting tired of grey and blue
So would you leave it all behind if you know
I would go anywhere with you
Cause you know we've got those neon dreams
We'll run 'em down like midnight thieves
We'll light up like you've never seen
Cause you know we've got those neon dreams

Cause you know we've got those neon dreams
We'll run 'em down like midnight thieves
We'll light up like you've never seen
Cause you know we've got those neon dreams

I see it glowin'
I see it glowin'
Where we are goin'
Where we are goin'
I see it glowin'
Cause you know we got those neon dreams

We got those neon dreams
We'll run 'em down like midnight thieves
We'll light up like you've never seen
Cause you know we've got those neon dreams

Cause you know we've got those neon dreams
We'll run 'em down like midnight thieves
We'll light up like you've never seen
Cause you know we've got those neon dreams

I see it glowin'
I see it glowin'
Where we are goin'
Where we are goin'
I see it glowin'
Cause you know we got those neon dreams
