

# Midnight

Tysondog

Clocks ticking and it's later than you think  
Step back cos we're standing on the brink  
Step back cos we're standing on the brink  
Getting closer to the point of no return  
Wake up we're about to crash and burn  
Wake up we're about to crash and burn

The fun stops when the clock strikes midnight

Don't, don't be late, don't expect time to wait

We are architects of our own demise  
We're the dead last hope as the planet dies  
We're the dead last hope as the planet dies  
Deliver us from this all consuming greed  
Lay waste to the beast we've come to feed  
Lay waste to the beast we've come to feed

The fun stops when the clock strikes midnight

Don't, don't be late, don't expect time to wait  
Seize, seize the day, make a start, don't delay

The fun stops when the clock strikes midnight  
The world ends on the toll of a bell  
So go get your fill, but this ain't no drill  
So don't be surprised when the clock strikes midnight

Don't, don't be late, don't expect time to wait  
Seize, seize the day, make a start, don't delay

Don't, don't be late, don't expect time to wait  
Seize, seize the day, make a start, don't delay
