D **A**
When you look at the world
D **A**
What is it that you see?
D **F#mi**
People find all kinds of things
E
That bring them to their knees
D **A**
I see an expression
D **A**
So clear and so true
D **F#mi**
That it changes the atmosphere
E
When you walk into the room

D **A**
R: So I try to be like you
Hmi **E**
Try to feel it like you do
D **A**
But without you it's no use
E
I can't see what you see
D **A D A**
When I look at the world

When the night is someone else's
And you're trying to get some sleep
When you're thoughts are too expensive
To ever want to keep
When there's all kinds of chaos
And everyone is walking lame
You don't even blink now do you
Or even look away

R: So I try to be like you...
