## **Desert Sand**

You tell me there's no darkness While the sun shines down on you And just because your life is peaceful There's no fighting left to do For every cup that runneth over Many more are filled with pain You talk to me of sunshine When it's pouring down with rain

Just because you can't see it Doesn't mean it isn't there Just because it can't touch you Doesn't mean you shouldn't care For every life that's lit with love Many more are racked with pain You talk to me of sunshine When it's pouring down with rain

It's a long black night, good people Descended on our land Share your light Make a flower grow In the desert sand
