

It's My Delight

UB40

I love you like I want you
And I kiss you like I need you
Every night
I'll draw you close to me
I'll tell you words of comfort
It's my delight

Darling I've grown to love you
More every day
And I've got a song to sing
Each lonely night, oh yeah, oh yeah

Stronger than the north winds
Higher than the mountains
That's my love for you
Nor will I forsake you
Darling be true
It's only a matter of time, oh yeah
Then all of my dreams will come true
In every way, oh yeah oh yeah

Stronger than the north winds
Higher than the mountains
That's my love for you
Nor will I forsake you
Darling be true
It's only a matter of time, oh yeah
Then all of my dreams will come true
In every way, oh yeah oh yeah
