

Laces Out

Ubiquitous Synergy Seeker

Direct your eyes to the obvious proof
And puppy dog lies won't sweeten the truth
I whisper and scream, but I can't refute
It's absolute [x2]

I bite my lip as you sharpen your tongue
I love you evermore even after you've stung
We're pushing through the dirt now we're ready to root
We're absolute [x2]

I'm breaking through
I'm breaking through, through, through to you
I'm breaking through
I'm breaking through, through, through to you
I'm breaking

And nothingness is bliss when you're shooting to miss
I wish those days like I wish the plague
I'm pushing at the wind
Now I'm pulling the 'chute

I'm absolute (I'm absolute)
I'm absolute (I'm absolute)
It's absolute (I'm absolute)
We're absolute (We're absolute)

I'm breaking through
I'm breaking through, through, through to you
I'm breaking through
I'm breaking through, through, through to you

Were my laces out? I don't know, I don't know
Were my laces out? I don't know, I don't know
(Were my laces out?)
I don't know. I don't know
(Were my laces out?)
I don't know. I don't know
