

Pop The Glock

Uffie

MC Mic
People Call Me Uff
When I rock the party

Bust a nut feadz is breakin' out the beat

Shit be hotter then me
Me and He are crusalicious
Better watch out my clan gets vicious
Bad ass bitch
I'm rated X
I'm gifted
Ain't gotta sell sex
Cross the beach onto the street
Gotta work hard
No room to cheat

Crunk and grind that's my bloodline feadz is mixin
Uffie's shoutin

Uffie's bangin
Feadz is bangin
Time to get low
Do the toostie roll
That's how we do
Do it hot
And if you understood would you
Stop hatin
Playing Hard
I got a loaded body guard
Don't make a move
You glock then pop
Uffie's gonna make the shit rock
Like Dough
Dough I like
Boys call me when they feel freaky hot
I run the show
You got to slow
Pick up the pace with your cracked out face

Uffie's bangin feadz is bangin
Time to get low
Do the toostie roll
That's how we do
Do it hot
And if you understood would you
Be my rhyme

If you can
Yeah you talk shit
Think I care

My style in this flow
Is confusing 'cause you don't know

Pop the glock x7
The glock you pop

Sound like twista fast as hell
I rock this beat you know damn well
Gonna make it to the top
Spit this shit Til your drop
Down low Is where to keep it
Boy, doesn't anyone know
Gonna to tear you down
Underneath you just a clown
Time everyone see
What you really be

Play the game the game gets played
I got a man and he goes by feadz
Play the game the game gets played
