

Stranger in Town

UFO

Mr walking tall
This is an early call
It's judgement day
Mr talking fool
All roads lead to you
There gonna be hell to pay
If the fish don't eat you
Oh the money will
If i don't beat you
Someone will
There's a stranger in town
There's a stranger in town
Mr shoestring
He's the class
There's 3.57
Gonna shove it up your
Mr high society
Swinging from a tree now
Hanging on a gibbet
Mr walking talk
His accomplices
Everybody's here
Take no blow
Everybody's at the party
Everybody's knows your name
So sweet the hangman's singing
Sometimes you gotta fall
Down down down
Everybody's at the party
Everybody's knows your name
So sweet the hangman's singing
This time i know your game
You gotta kill them now
