All of the things that shatter his brain  
comes from the garden shouting and grinning  
Hey Timothy where do you come from

Only befriended Jeremy (Mouth?)...  
seems to know what Timmy's talking about  
comes from the garden shouting and grinning  
Hey Timothy where do you come from

(instrumental)p>  
Does he come from the sky? Does he come from the land?  
Does he come from the earth? Does he come from the sea? Timothy

Hey timothy now where do you come from, where do you come from  
Timothy?  
Hey Timothy, where do you come from, where do you come from Tim  
othy?
