

Strange Design

Uh Huh Her

Lost in the dark, I'm waiting here
Don't know where you are, it's true
Time in a way it can be bitter sweet
And lost in the dark with me

When, when it gets cold
Tell us to begin again, again
When time passes by, I said
To begin again, your strange design

You begive it, hope to choose tonight
Don't know what you are, tell me
Death for the one, you are lost in the dark
I know of the self, that strange design

(2x)

When, when it gets cold
Tell us to begin again, again
When time passes by, I said
To begin again, your strange design
