

## Rat Race

UK Subs

Do what you want and don't give a damn  
There's a price to pay  
And you keep on paying and paying and paying  
And it never ends  
You pay in the end, my friend

You drown yourself  
In a barrel of beer  
But when you pull out  
The pressure pressure pressure  
Yes it's dragging you down  
And it just hangs around

It's a rat race baby  
Faceless face  
But if you're dying of hunger  
You get in the race  
It's a rat race baby  
Faceless face  
But if you're dying of hunger  
You get in the race

Walk the streets  
For some place you know  
Knock on the door  
But you already know the answer  
Before they tell you no

It's a rat race baby  
Faceless face  
But if you're dying of hunger  
You get in the race  
It's a rat race baby  
Faceless face  
But if you're dying of hunger  
You get in the race

Rat race baby  
Faceless face.
