

Coffee In Shanghai

Ulrik Munther

I wanna take you away
Somewhere far from this place
From all of our previous mistakes

I've got some money saved
Come on and get in the car
We could just follow the stars
I'll turn the radio on
You can sing along

I'm done with the city
Are you coming with me?
Did I say I got five?

But darling don't you worry about that now

'Cause I wanna take you somewhere
I wanna make you feel alright
I wanna take you somewhere
Somewhere nice
Maybe Peru or China
We'll get a coffee in Shanghai
Oh darling, won't you come with me right now?

It won't be as hard as it seems
Just pick one or all of your dreams
I know that it's hell believe
But baby don't you see?

I'm done with the city
I'm taking you with me
You know that I'm right

Oh darling, won't you come with me right now?

'Cause I wanna take you somewhere
I wanna make you feel alright
I wanna take you somewhere
Somewhere nice
Maybe Peru or China
We'll get a coffee in Shanghai
Oh darling, won't you come with me right now?

Oh oh oh
Oh oh oh
Yeah, yeah
Oh oh oh

Only truth I ever come to find is
I need you no matter how I like it
And I will do whatever just to make you smile
I know you're scared and baby so am I but
Nothing scares me more then me without you
So if you dare just take my hand I'll be your guide
Won't you come right now

'Cause I wanna take you somewhere

I wanna make you feel alright
I wanna take you somewhere
Somewhere nice
Maybe Peru or China
We'll get a coffee in Shanghai
Oh darling, won't you come with me right now?

Oh oh oh

Come with me right now
