

# Goodbye

Ultrabeat

All you do is make me cry,  
I think we need to say goodbye,  
And I know,  
Its gone,  
for good.

All you do is make me cry,  
I think we need to say goodbye  
And i know,  
Its gone,  
For good.

Its over, its broken, our feelings, are spoken  
The love, has gone, cant carry on.  
The time, we shared, has been, nowhere  
The love, has gone, cant carry on.

All you do is make me cry,  
I think we need to say goodbye  
And I know, its gone, for good.

All you do is make me cry,  
I think we need to say goodbye  
And I know, its gone, for good.

Its over, its broken, our feelings, are spoken  
The love, has gone, cant carry on.  
The time, we shared, has been, nowhere,  
The love, has gone,  
Cant carrrry on.

All you do is make me cry,  
I think we need to say goodbye  
And i know , its gone, for good.

All you do is make me cry,  
I think we need to say goodbye  
And i know, its gone, for good.
