

Sweet Surrender

Ultravox

Sweet sweet
Sweet surrender
Sweet sweet
Sweet surrender
Sweet sweet
Sweet surrender
Sweet sweet
Sweet surrender

Searching the institution
Chasing the grand illusion all the way
Away
Turn every stone to find it
Filling my empty mind, it falls away
Away

Beats on my devotions like a hammer hits a nail
With your sweet surrender
Fill up my emotions like a wind fills out a sail
With your sweet surrender

Beats on my devotions like a hammer hits a nail
With your sweet surrender
Fill up my emotions like a wind fills out a sail
With your sweet surrender

Finding the key to open
A heart that was never broken with a smile
A smile
Look for whoever sold me
On a feeling nobody told me could be wild
So wild

Sweet sweet
Sweet surrender
Sweet sweet
Sweet surrender
Sweet sweet
Sweet surrender
Sweet sweet
Sweet surrender

Beats on my devotions like a hammer hits a nail
With your sweet surrender
Fill up my emotions like a wind fills out a sail
With your sweet surrender...
