

# I Wanna Be Your Dog

Uncle Tupelo

So messed up, I want you here  
In my room, I want you near  
'Cause now I want to be face to face  
Now I lay right down in my favorite place

'Cause now I want to be your dog  
Now I want to be your dog  
Now I want to be your dog  
Well, c'mon

Now I'm ready to close my eyes  
Now I'm ready to close my mind  
'Cause now I'm gonna take your hand  
Now is my heart on the burning sand

'Cause now I want to be your dog  
Now I want to be your dog  
Now I want to be your dog  
Well, c'mon
