

# Things I'd Do

Union J

The way your body move  
From across the room  
Can't keep my eyes off you  
If only you knew  
The thing's I would do

Turn my temperature up  
I'm tempted to touch  
Can't get enough of you  
Girl it's time to confess  
Thoughts in my head  
I need to undress the truth

The things I'd do to you  
(Things I, things I)  
The Things I'd do to you  
(Things I, things I)  
The things I'd do to you  
(Things I, things I)  
If only you knew  
The thing's I would do  
Ain't nobody made me feel this way  
I'll do what it takes just call my name  
The things I'd do to you  
(Things I, things I)  
The Things I'd do to you  
(Things I, things I)  
The thing's I'd do

They say talk is cheap  
Let me show you what I mean  
Underneath these sheets  
If only you knew  
The thing's we could do

Turn my temperature up  
I'm tempted to touch  
Can't get enough of you  
Girl it's time to confess  
Thoughts in my head  
I need to undress the truth

The things I'd do to you  
(Things I, things I)  
The Things I'd do to you  
(Things I, things I)  
The things I'd do to you  
(Things I, things I)  
If only you knew  
The thing's I would do  
Ain't nobody made me feel this way  
I'll do what it takes just call my name  
The things I'd do to you  
(Things I, things I)  
The Things I'd do to you  
(Things I, things I)  
The thing's I'd do

Biting your lip, just a lil bit  
Tasting your skin, Imagine it babe  
Taking a risk, riding me this way  
You ain't had it my way!

The things I'd do to you  
(Things I, things I)  
The Things I'd do to you  
(Things I, things I)  
The things I'd do to you  
(Things I, things I)  
If only you knew  
The thing's I would do  
Ain't nobody made me feel this way  
I'll do what it takes just call my name  
The things I'd do to you  
(Things I, things I)  
The Things I'd do to you  
(Things I, things I)  
The thing's I'd do
