

Carry The Flame

Unleash the Archers

All the time we had is wasted and gone
And all I ask is one moment more
Hold fast onto that flickering flame
Or tell me what has all this been for

But I need you to remember
The power was in you all along

You must remain despite all the pain
And bring hope to those who have none
Promise me you will be the one

My guiding light
Fire in the night
I am with you, wherever you are
Your guiding light, shining bright

At last this aching comes to an end
And finally I can set you free
You will be the one to carry the flame
Tell me that you'll do this for me

But how can I remember
When the power came from you all along

And I can't deny that your strength is mine
And without you all would be lost
I can't bear to ever go on

My guiding light
Fire in the night
I am with you, wherever you are
Your guiding light, shining bright

My guiding light
Fire in the night
I am with you, wherever you are
Your guiding light, shining bright

My guiding light
Fire in the night
I am with you, wherever you are
Your guiding light, shining bright

My guiding light
Fire in the night
I am with you, wherever you are
Your guiding light, shining bright
