

# Defenders of Midgard

Unleashed

Through the dark, dark caves  
That was once built  
By our fathers determination  
Strength and will

But we will rise again  
And fight, fight to defend  
Our Midgard 'til the very end  
Fight to defend  
Our Midgard 'til the very end

A time to heal and prepare  
For tomorrow  
As we march with our minds  
Black with sorrow

But we will rise again  
And fight, fight to defend  
Our Midgard 'til the very end  
Fight to defend  
Our Midgard 'til the very end

Through the dark, dark caves  
That was once built  
By our fathers determination  
Strength and will

But we will rise again  
And fight, fight to defend  
Our Midgard 'til the very end  
Fight to defend  
Our Midgard 'til the very end

Fight to defend  
Our Midgard 'til the very end  
Fight to defend  
Our Midgard 'til the very end
