

The City of Jorsala Shall Fall

Unleashed

Whatever festers in the east we will destroy
Idun's youth battalions deployed

Rise to pursuit
Battalions of steel
Follow me now
I take the lead
Get ready for hell
Get ready to bleed
The city of Jorsala shall fall [x2]

Vengeance!
I want vengeance!
Vengeance!

Swear on the Hammer
Swear to me now
Whatever it takes
You will stand your ground
We'll stop at nothing
As the Gjallarhorne sound
The city of Jorsala shall fall [x2]

Vengeance!
I want vengeance!
Vengeance!

The city of Jorsala shall fall [x2]

Vengeance!
I want vengeance!
Vengeance!
