

## Where Life Ends

Unleashed

God of lies,  
Slaughter and sacrifice  
We spit in his face  
And laugh as we die  
...Where life ends  
Mother Christ -  
Your son we crucified  
On a path to hell -  
We choose to live our lives  
...Where life ends  
Where is the gate  
To heaven of glory bright?  
Vanished in the dark,  
Where is the promised light?  
...Where life ends
