What? No. Such lies!

How could you speak to me with such repulse?

All I wish is to mend your sorrow,

And all I dream is to see you content,

I'm sick of this masquerade,

Tell me, what can I do?

Open my eyes,

I need to find a way to repent

Is it too late, now tell me?
Is there a way, please help me?
I will do anything for you my love

Promise me this, she said I left a son behind When the time come, You'll be the one haha to

Guide him, to the Reign of Dreams Light the trail to me Walk the lane and take him to my tomb

Hold on to me tight
Walk my way, that's right
Get away together
Stay just for tonight
Is there a reason I linger in life?
Is there a reason you won't let me die.

Is this just a hallucination? Is this just a reverie?
