Cailin

Unwritten Law

Well it seemed like yesterday When the world was looking dark It felt so cold and grey And why the hell am I even here What's the purpose, all I feel is guilt and hate and fear 'Til that day you came along My heart was empty Like the soul was missing from a song And I thought I'd loved a few No one ever made me feel The way that you do Hey little girl Look what you do Oh, I love you Hey little girl, I love you Well I know I'm not always right And girl it breaks my heart When I have to see you cry So many things I wanna say Now I know that you're the reason That I'm here today Whenever you're here Just stay near We'll be alright, yeah alright Hey little girl Look what you do Oh, I love you Hey little girl Look what you do, and you do When all my love starts running thin I got you my own Cailin Hey little girl, I love you I'll be alright But I need you close Please stay tonight As long as you're here Just stay near We'll be alright, yeah alright
