

## Tell Me Why

### Unwritten Law

Hey mr. god man can you tell me what's  
wrong with my life and all of it's confusions  
why did she leave me with nothing to show  
except for a shallow disalusion  
'cause I can't seem to figure out  
why you feel this way  
and I guess I'm to blame  
if I told you I didn't care about this place  
would you think of me the same  
could you please tell me why  
could you please tell me why  
could you please tell me why  
why I can't ever find the answer to something  
I will never understand  
could you please tell me why  
I sit back thinking that there once was a time  
a time where everything was perfect  
it seems the things we shared were so far behind  
behind but we're never getting closer  
'Cause I can feel your shadow hanging over me  
and I'm just peering through the light  
now I realize you never cared for me  
will I ever see  
could you please tell me why  
why I can't hold on the person  
that I tried so hard to find  
could you please tell me why
