

# The Legend of Johnny and Sarah

Unwritten Law

Johnny was just a kid I knew  
maybe he didn't have a clue  
but he's gone  
you know it's just a shame  
and she's the one to blame  
Sarah, not just the girl next door  
she's well known, I don't go there no more  
but Johnny  
Johnny found out too late  
and now she's the one to blame  
now he's gone just as quick as he came  
well now something had gotten into him  
he shouldn't have been  
where the whole town had been, in Sarah  
she was his only one  
poor Johnny she's everyone too  
and sometimes I'll see her round town  
she never grows old  
she still gets around  
and I know, I know her intent  
and Sarah will ride again  
oh yeah, she's gonna ride to the end
