

Why Did You Go

Uriah Heep

G

I woke up today

C

With my head in daze

F

C

G

'Cause my love had gone

G

With nothing to do

C

Just to dream about you

F

C

G

And how we went wrong

Em

C

But oh, why did you go

Am

D

I loved you so, didn't you know

G

I walk into town

C

With my head hangin' down

F

C

G

Tryin' to hide my pain

G

The people I meet

C

As I float down the street

F

C

G

Tell me try again

Am

When I remember how good it was

Em

It makes me cry

Am

'Cause my life's been

Em

Turned upside down

E

All I want is someone

Am

But how do you say

Dm

Please will you stay

Am

Please will you stay

I'll settle down to a life

Of a clown to remain alive

I'll work till I bleed

And if I can succeed

Maybe I'll surviv
