

Spell On Me

US5

I like the way you get down
When we're foolin' around
Makes me wanna get high
On you girl
There ain't nobody in town
Who can spin me around
Like the way that you're teasin' me

Ha ha ha ha, your crazy games
Drive me insane
But I don't wanna give up on you
Ha ha ha ha, I can't complain
I play the same
Your body drives me crazy girl

I can't get you out of my mind
Every time I close my eyes
See your face a thousand times, yeah
I can't get you out of my mind
There's a feeling deep inside
Baby girl you put a spell on me

Girl, how about if I said
Meet you late around ten
Would you wanna hand
Out with me girl?
You body movin's so mad
Makes me want you so bad
How about for some privacy?

Every time I close my eyes (my mind)
There's a feelin'...
Ha ha ha ha, I can't complain
I play the same
Your body drives me crazy girl

I can't get you out of my mind
Every time I close my eyes
See your face a thousand times, yeah
I can't get you out of my mind
There's a feeling deep inside
Baby girl you put a spell on me

I can't get you out of my mind
Every time I close my eyes
See your face a thousand times, yeah
I can't get you out of my mind
There's a feeling deep inside
Baby girl you put a spell on me
