Check this out, yeah, yeah All my niggas take a walk with me You ain't gotta holla - you can talk with me Just try to learn where my thoughts can be And how I stack figures Learn why I'm real — still that nigga I get money I ain't gotta do a crime Shit I hit dimes - what I need with a nine Before y'all judge me - be clear We got nothing but heat here, beware WE HERE What's my name, got chicks twisted like What's my game? Pimp things still the same I smash it, I don't harass it Ma' I'm a baller I score and pass it Feel me, still be filthy If making hits is a crime, I plead guilty And this is what we came do Party, Diddy, Usher - game is through, come on

It's right around eleven o'clock
One of your girls just called
Asked you how you look, are you ready?
You tell her you look hot
Not to worry at all
Niggas will be shook - y'all doin' it heavy
She;s telling you she might change
But you tell her not to
She know that she looks stunning
It'll be fine
The club will be full of game
But none of that has got'chu
Me - I think you're running
Cause I'm the one

I don't know what you came to do girl What you came to do tonight
But I came to party, oh
I don't know what you came to do girl
What you came to do tonight
But I came to party, oh

You're probably thinking to yourself What's the occasion?
And believe me girl I don't do sex for fun The perfect gentleman in every situation And the only thing that's missing - is the one Is it you?

I don't know what you came to do girl What you came to do tonight
But I came to party, oh
I don't know what you came to do girl
What you came to do tonight
But I came to party, oh
