

# I'll Make It Right

Usher

Oh no, no, no, no, no, oh baby

I'll make it right

Baby you know that I can make it right

Keep it on a cutie girl cause I'm really into you yeah  
Tell me is there a way that i can spend some time with you  
So much I wanna know about you  
Seems like I can't do without you  
You really turn me on you got it goin' on  
Anything you ask i'll do for you  
So baby don't you see  
You mean the world to me  
Just one thing I have to know  
Baby can I make it right

As I'm looking into your eyes all I see is you lovely face  
And there's nothin' I like more than to show you I adore  
The simple things that you do to me with the sweet little  
Things you say  
Baby when I kiss your lips it really brightens up my day  
Oh Oh Oh  
Anything you ask I'll do for you  
You mean the world to me  
Just one thing I have to know  
Baby can I make it right

So baby don't you see you mean the world to me  
If you just swing my way  
I'll make it right  
So tell me where do we go from here  
Oh yeah

There's nowhere that we can go  
But take it nice and slow  
Baby enjoy the flow  
Lots of pleasures I can give  
I've got it waitin' here  
So put away your fears
