

# My Way

Usher

Yo See, it's rare that you find people like us  
Cause all ya'll other (look) out there doin' what I'm doin'  
Or tryin' to do what i'm doin' but you can't  
Cause i do it my way  
What about you  
Huh, huh Come On

I Do  
Any & everything you want to  
Make your girl say ooh ooh  
Why's he so fly  
She beeps me, whenever she wanna get freaky  
You can get if you want too  
Say whatever you want be she still gon' give it up  
Cause she likes it..

She likes it my way, My way  
You can't satisfy her needs  
She keeps runnin' back to see me do it  
My Way, My Way  
What i say goes, and i'm in control  
Bad ass senorita's, two seaters with kicks  
New kick's all in the mix  
Don't turn no tricks, they turn for me  
Catchin' bricks don't concern me  
So forget lil' midget, My mind on 7 digits  
Before i pay heaven's skies a visit, now dig it  
I'm pullin' all stops  
Sayin' you can't front on me  
So from this day forth you know i'm all about the heat  
and what u do is the major league  
That's why your girlfrien's paging me  
and she know like he know, you don't see her like i see her  
So she's out the do'  
Shot gun in my drop havin' fun with the Don, system bassun  
Conversation and facin' me sayin' give it to me know baby

My Way, My Way  
You can't satisfy her needs  
she keeps runnin' back to see me do it  
My Way, My Way  
What i say goes and i'm in control

Don't check me  
It was your girl who let me  
Take it this far then, ooh wee  
She had to have every chance that she could get  
But you think you a baller  
and i ain't gon' call her  
Clip that, you can get mad if you want to  
Say whatever you want but she still gon' give it up  
Cause she likes it..

My Way, My Way  
You can't satisfy her needs  
She keeps runnin' back to see me do it  
My Way, My Way

What i say goes and i'm in control

My, Way, My Way (I do any & everything you want to)  
You can't satisfy her needs  
she keeps runnin' back to see me do it  
My Way, My Way (I do any & everything you want to ohh)  
What i say goes and i'm in control
