

# Easy Breezy

Utada

I still remember the ways that you touched me  
Now I know I don't mean anything to you  
You're Easy Breezy and I'm Japaneesy  
Soon you'll mean exactly nothing to me  
And that means...

You look stupid telling all your friends how you got the best of me  
I intended to share the pleasure only  
Now I look stupid  
We're living in a world with a lot of pressure  
It's quite unneeded to put more pressure on me

You came and went and left my house  
Like a breeze just passing by  
Hello, Goodbye  
You left a note saying "'Twas nice stopping by"  
I should've never ever let you inside

I still remember the ways that you touched me  
Now I know I don't mean anything to you  
You're Easy Breezy and I'm Japaneesy  
Soon you'll mean exactly nothing to me  
Does that mean anything to you

Easy Breezy  
Do you whistle to hide that you're feeling lonely  
How do I breathe with all this pressure on me  
Easy Breezy  
When you wrestle, you know that you hurt somebody  
How do I breathe with all this pressure on me

You came and went and left my house  
Like a breeze just passing by  
Konnichiwa, Sayonara  
'Twas nice of you to stop by  
Would it amuse you if I told you that I...

I still remember the ways that you touched me  
Now I know I don't mean anything to you  
You're Easy Breezy and I'm Japaneesy  
Soon you'll mean exactly nothing to me  
Does that mean anything to you

I still remember the ways that you touched me  
Now I know I don't mean anything to you  
You're Easy Breezy and I'm Japaneesy  
Soon you'll mean exactly nothing to me  
Does that mean anything to you

She's got a new microphone  
She doesn't need you anymore
